Memorial and Endowment Funds

Individuals or organizations may wish to establish memorial or endowment funds by giving a considerable donation to purchase materials in honor or memory of someone special over an extended period of time. If you are considering doing this, please feel free to contact the Library Director.

When searching for the perfect way to honor or remember your loved ones, a donation to the library is a lasting tribute. If you have any questions, feel free to call the library at (724) 543-1383 or email kittanninglibrary@hotmail.com

CONTRIBUTIONS TO THE LIBRARY ARE TAX DEDUCTIBLE

How it Works

If you choose to place a book, a bookplate is placed in all books noting who the memorial is for and the donor's names.

The library will send notification of your gift to the person being honored or the family of the deceased; a listing of the contributors is published in the local newspaper monthly.

If you choose a monetary donation, it can be made to our general fund and can be used by the library for general operations. The donation will be listed in the monthly memorials in the local newspaper as well.

The library will try to find the best match needed for our collections.

There is a \$25 minimum for an honor or memorial gift.
