

Memorial and Honorary Donations Policy

Donations are always appreciated and patrons may request materials be purchased as a memorial for a friend or family member. Memorials are donations made in memory of a deceased person for the purchase of a book. Honorary book donations are donations made in honor of a living person for the purchase of a book.

Donors must complete a Memorial/Honorary Donation form or supply the corresponding information at the time of donation. A minimum donation of \$25 for most titles is required. Large print and other special requests require a minimum \$35 donation. Donation amounts are determined by the donor, however the number of items requested must be indicated if the donation amount is intended for multiple items.

Memorial and honorary donations may also be monetary only (i.e., no material dedication will be made), and may be used for a specific intention throughout the library if earmarked, or for a use best determined by the library.
